

## Our Campaign Supports...

1. Quality, affordable health care that allows all Californians to get the health care they need when they need it.
2. Insurance reforms to control costs and allow everyone access to quality healthcare and coverage.
3. Employers and government sharing responsibility and risk with consumers.
4. Limits on the risk and burdens placed on individual consumers and families, and protecting them from being forced to buy coverage they cannot afford and that does not cover their healthcare needs.
5. Prevention and safety efforts to help individuals get healthy and stay healthy, by providing healthy communities and choices, while not placing financial barriers to care.
6. Policies to preserve and strengthen our public hospitals, emergency rooms and trauma centers that all Californians rely on.
7. Efforts to control costs, while protecting benefits and preventing increased financial barriers to care.
