

Proposition 79
Prescription Drug Discounts. State-Negotiated Rebates.
Initiative Statute.

Yes/No Statement

A YES vote on this measure means: A new state drug discount program would be created to reduce the costs that certain residents of the state, including persons in families with an income at or below 400 percent of the federal poverty level, would pay for prescription drugs purchased at pharmacies. The new program would be linked to Medi-Cal for the purpose of obtaining rebates on drugs.

A NO vote on this measure means: The state would not expand its drug discount program beyond an existing state program that assists elderly and disabled persons on Medicare.
